### SECRETS OF THE MOON

Occult black metal band Secrets of the Moon was formed in Osnabrück, Germany, in 1995. The band has released a huge number of full-lengths, EPs and splits with very diverse music and have been described as "the chameleons of black metal" in Germany's Rock Hard magazine due to their style changes with every album. Secrets of the Moon's latest album, "Seven Bells", was done with the help of legend Tom G. Warrior from Celtic Frost / Triptykon and is a slow doom-driven album with a dark atmosphere and full of forceful energy. So this is something to look forward to when they now release all hell at Inferno Metal Festival!
