## VADER TO INFERNO METAL FESTIVAL 2016

Polish death metal is regarded to be one of the best within the scene, and one of the flagships are without a doubt VADER! The band was formed all the way back in 1983, when the first death metal bands saw the light of day. However it was not until 1992 when the band released the highly acclaimed debut album “The Ultimate Incantation” their death metal became world known! Since then the band has released 11 albums – and with the strong “Tibi et Igni” release last year – it is time to welcome VADER back to Inferno Metal Festival!

### VADER

Vader is one of the first and best known death metal bands from Poland. The band was formed in 1983 as a heavy metal band, but changed their style into the more extreme over the years and is today known as one of the eagles of death metal. The band has released 11 albums and many are regarded as classics within the death metal scene. The band played at Inferno Metal Festival back in 2003 with great success. We are proud to have them back with us and looking forward to a great show from this legendary death metal band.
