POSSESSED

With groundbreaking classics like “The Exorcist”, “Death Metal”, “Pentagram” and “Satan’s Curse” the godfathers of death metal are sharpening their teeth and ready to destroy Inferno Metal Festival and Norway. Possessed was one of the very early death metal bands and their first demo tape was called “Death Metal” in 1984 and so the genre was born. With guttural vocals, brutal riffs and fast drum beats, Possessed are truly a force within the extreme metal scene. They are one of the bands that still sound amazing after all these years and their Seven Churches album is still one of the best death metal albums ever made.

Yes, original Venom members Abbadon and Mantas are back, together with Demolition Man. The godfathers of black metal are ready for Inferno Metal Festival with supreme classics like "Witching Hour", "Warhead", "Countess Bathory", "Die Hard", "In Nomine Sathanas", "Black Metal" and many more! Lay down your soul to the gods rock 'n' roll!
