If you have ever wondered what the name Tsjuder means, you have to check out the brilliant Norwegian movie “Veiviseren”. Also Tsjuder is one

brilliant band. Just check out their latest album “Antiliv” that was released in 2015. A true black metal masterpiece that is impossible to ignore. After six years Tsjuder will finally return to Inferno Metal Festival to show you how it should be done!

ODIUM

Back in the late nineties the band Odium released their one and only full-length album called “The Sad Realm of the Stars”. A classic Norwegian symphonic black metal album that was released on Samoth's (Emperor) label Nocturnal Art. Sadly the band was soon after disbanded and their members continued on with others bands and projects like Myrkskog, Funeral, Zyklon and Emperor. Finally Odium has returned and the band will played a rare gig twenty years after the release of their debut album at Inferno Metal Festival 2018.
