## SILENT MOVIE CONCERT WITH VOID OV VOICES

We welcome you to a silent film concert where Attila Csihar's Void ov Voices will create the music for the classic German horror film "Nosferatu" from 1922. The silent film concert will take place at the cinema Vega Scene on Saturday, March 30th, at daytime during Inferno Metal Festival 2024. Separate tickets will be available for this performance.

### VOID OV VOICES

Void ov Voices is the solo project of Attila Csihar, known as the vocalist in Mayhem and Tormentor. In Void ov Voices, he uses only his own voice to create a soundscape of the dark and atmospheric variety. Csihar initiated this project in 2007 and has since performed numerous concerts with this concept. Void ov Voices has previously held a silent film concert in Oslo when they provided the music for "The Cabinet of Dr. Caligari" during Oslo Fright Fest in 2012. We look forward to another silent film concert with Void ov Voices in Oslo, this time accompanying "Nosferatu"!

### NOSFERATU

The German silent film "Nosferatu" was released in 1922 and was one of the first movies based on Bram Stoker's "Dracula." Because they lacked the rights to the story, they changed names and locations, so Count Dracula became Count Orlok. However, this did not help, and the judiciary ruled that all the film reels of "Nosferatu" should be destroyed. Fortunately, several reels survived, and F. W. Murnau's great masterpiece endured. Now, over a hundred years later, the film still stands as one of the great classics in film history. We are excited to see and hear when Void ov Voices soundtracks the film during Inferno Metal Festival 2024.

Please note that Vega Scene has a limited number of seats, so be sure to act quickly to get tickets for the film concert.
